

# Client Information Forms

## Payment and Appointment Policies

Napa Valley Counseling Center assists individuals, couples, and families in making more effective life choices through the process of professional counseling. In keeping with this commitment, we ask each client to read and complete the following forms before counseling begins. If you have any questions, please do not hesitate to ask your counselor. We consider it a privilege to serve you!

### Payment

Napa Valley Counseling Center is a not-for-profit corporation that exists to provide quality, Christian counseling services at a reasonable cost. We rely upon fees paid by our clients to provide salaries and services. All services rendered are the financial responsibility of the patient and not the insurance company. Our office will bill your insurance company as a courtesy. Your financial responsibility is to ensure that Napa Valley is paid for services rendered. If the client is a minor, the parent/guardian bringing the child to therapy is responsible for delivering payment at the time of service. If the client fails to follow through with payments, it is the ethical prerogative of the individual counselor to terminate counseling until the client's payments are current.

### Cancellations or Missed Appointments

Appointments must be cancelled **at least 24 hours** before the scheduled appointment time. Failure to cancel will be reflected as a missed appointment and fees will apply. It is worth noting that insurance companies will not reimburse for missed sessions. The only time this fee will be waived is in the event of an emergency or illness. Clients who fail to pay the fees for missed appointments will not be allowed to schedule future appointments.

#### **Missed appointment fees:**

First Occurrence:	\$25 fee will be charged
Second Occurrence:	\$50 fee will be charged
Third and Subsequent Occurrences:	\$100 fee will be charged

### Telehealth Services

Napa Valley Counseling Center offers clients the opportunity to conduct certain services through electronic technologies. Telehealth involves the use of electronic communications to enable providers at different locations to share individual client information for the purpose of improving client care. Electronic systems used will incorporate network and software security protocols to protect the confidentiality of client identification and imaging data and will include measures to safeguard the data and to ensure its integrity against intentional or unintentional corruption.

IN CASE OF AN EMERGENCY, DO NOT ATTEMPT TO USE TELEHEALTH OR EMAIL. CALL 911.

### Insurance

Napa Valley Counseling Center and some of its counselors have contracts with insurance companies. Our office will file claims with your insurance company. Although we will file the claim, it is your responsibility to know the "Outpatient Mental Health Coverages" of your insurance policy (co-pay amount, number of sessions allowed, etc.). Ultimately, your account with this office is your responsibility regardless of insurance coverage.

## **Counselor Disclosure Information**

**Audrey Crow, Intern**

### **General**

The following information is to give you an idea of my background and my view of the counseling process, as well as clarify administrative policies and inform you of your rights and responsibilities as a client.

### **Professional Profile**

I received my undergraduate degree at Texas A&M University in Communication and am currently in the clinical phase of my master's program for Clinical Mental Health Counseling at Liberty University. I have worked with teens and families for the last 12 years and specifically adolescences throughout the last 10 years in full-time ministry. I have experience in providing pastoral care surrounding a number of issues including anxiety, depression, gender identity, trauma, abuse, stress, relationships, family systems and more.

I believe in a Cognitive Behavior Therapeutic approach to counseling. This approach emphasizes how our thoughts, emotions, and behaviors affect one another. Changing our thinking patterns can help shift how we feel and behave.

In this clinical phase of my master's program, I am working closely under the supervision of 2 fully licensed clinicians on staff at Napa Valley and am under faculty supervision at Liberty University.

I do not prescribe medications. If you are under current medical treatment, I will work in cooperation with your doctor. If medical treatment is needed, I will recommend competent medical personnel and work in cooperation with them towards your best interests.

### **The Counseling Process**

It is a great honor to share in the deep vulnerable moments that help shape us. As a developing mental health professional, I strive to build relationships with my clients rooted in trust, warmth, empathetic understanding. The therapeutic process may involve exploring challenging circumstances from your family of origin or past. These feelings may initially be unwanted, but they are a normal part of the process of growth and change. Through this relationship and process we can set goals and work together to find solutions for healing.

### **Client's Rights and Responsibilities**

Always feel free to ask any questions about my educational and professional background, therapeutic approach, supervision agreement, and the specific therapy plan and progress. I will work hard to offer appropriate services that are in your best interest; though, it is your responsibility to determine whether the services are ultimately helpful. You have the right to end counseling at any time without moral, legal, or financial obligations other than those already accrued.

**Acknowledgment**

By signing this disclosure and informational statement, the client acknowledges having been informed of his/her rights and responsibilities under regulatory laws for counselors in Arkansas, as well as the counseling process for this counselor. In addition, the client acknowledges reading and understanding the administrative policies for this counseling office.
